Emree Weaver / Yakima Herald-Republic

To the editor — DTG continues to be disconnected from our community and has now shut down hiking and cycling at Rocky Top, including the dirt jumps and pump tracks. Any trespassers will be fined.

Ron Anderson (no relation to the former county commissioner) purchased this land for a landfill. He allowed hiking and biking and left an easement so those activities could continue, yet sold the landfill to a company that has no connection to the community and whose goal is to make as large a profit as possible off the backs of one of the poorest counties in the state.

Trucking west side industrial trash to our county and trashing the land, property values and the roads with its heavy trucks. Thanks to the community watchdog group Friends of Rocky Top for exposing this corruption in our midst. They need your help and support.

Thanks also to the ongoing excellent investigative reporting of the Herald.
